

# Inkling

## Ingredients

- 1 oz Catoctin Creek Watershed Gin
- 1 oz Amaro Y Arroyo or other dark Amaro
- $\frac{3}{4}$  oz Giffard Cassis Noir de Bourgogne
- 1 piece square cocktail ice
- A sprig of lavender makes a good garnish

## Tips:

- Use a dark-colored Amaro. Amaro Dell'Etna or the like.
- Use Catoctin Creek gin if at all possible. Otherwise a very herbal rye-based gin with citrus, black pepper, anise, florals.
- Creme de Cassis is essential for the color (purple) but you can add less than  $\frac{3}{4}$  oz if you prefer it less sweet. The bitter/sweet balance is part of the point.

# Blink

## Ingredients

- 1 oz Pentire Adrift or Seaward Gin
- 1 oz Ghia Original Aperitif
- ¾ oz St Agrestis Amaro Falso
- 1 piece square cocktail ice
- A sprig of mint makes a good garnish

### Tips:

- Boisson.com or TheZeroProof.com are good sources for the ingredients.
- I love the beach-breezy Pentire gins, but you can use a different brand of zero proof gin.
- The Ghia has a touch of bitterness and good purple color. The Amaro Falso is bitter and sweet, with some fizz,
